

# Curiosity Makes it Fun, Data Makes it Possible!

Join us to learn more about the CVS Health Enterprise Analytics team and our cool opportunities. As a critical member of our Enterprise Analytics team, you will work with a variety of business partners across CVS Health to innovate business solutions to manage the data the right way. Working cross functionally with our data science teams, data engineering teams, and our core business partners, you will apply cutting edge algorithms to solve the most complicated problems to optimize and change decision-making using more advanced data analytics for our Corporate Operations, Retail, PBM, Minute Clinic and other core business units.

[Friday March 5th 12:30 PM - 1:30 PM EST](#)

[Tuesday March 9th 4:00 PM - 5:00 PM](#)

[Wednesday March 10th 12:00 PM - 1:00 PM](#)

[Thursday March 11th 6:00 PM - 7:00 PM](#)

[Friday March 12th 12:30 PM - 1:30 PM](#)

Within our team, we have four career tracks that support our business:  
**Data Scientist, Data Engineer, Solution Strategist and Analytic Athlete!**
