BlackRock is trusted to manage more money than any other investment manager in the world, helping governments, foundations, and institutions reach their investing goals. **Our purpose is to help more and more people experience financial well-being.**

**Aladdin®** helps make this possible through its mission: To make the world’s investing information transparent and actionable. Aladdin® is an operating system for investment professionals that powers every aspect of the investment process. **More than just technology**, it powers a firm’s Collective Intelligence by providing tools to help an organization communicate effectively, address problems more quickly, and make decisions at every step of the investment process. The Aladdin platform combines sophisticated risk analytics with comprehensive portfolio management tools, trading, operations, compliance and accounting tools on a single platform.

Help us build the investment technology platform of the future!

No matter what you’re studying – whether it’s liberal arts, computer science, or anything in between, you can apply your skills to virtually any role here. **We’re looking for the bravest and brightest minds to help solve the world’s most complex financial challenges.** So leave your comfort zone and bring your ideas to build on the collective intelligence of one of the largest FinTech firms in the world.
What is Find Your Future Forum 2020?

Want to learn how to sell yourself on your resume? Not sure how to prepare for an interview? BlackRock is hosting an educational 1-day program for college sophomores called Find Your Future Forum that will introduce students to BlackRock’s mission, principles, and opportunities. Join us at this event to learn more about BlackRock and our recruitment process!

1. **Career opportunities**
   Explore the wide range of opportunities we offer across our different business areas.

2. **Innovative technology**
   Discover how we utilize cutting-edge technology to build a better financial future for our clients.

3. **Professional development**
   Build your resume, grow your network and gain that competitive edge employers value.
