Erik Timpson, P.E. Ph.D.
Lead Electrical Engineer

Dr. Erik Timpson is a Lead Electrical Engineer and the People Center of Excellence (COE) Leader at Honeywell Federal Manufacturing & Technologies (FM&T), which manages and operates the Department of Energy’s Kansas City National Security Campus. With 5,000 employees in Kansas City and Albuquerque, the Kansas City National Security Campus provides diverse engineering, manufacturing and secure sourcing services for national security.

As the People COE lead, he is responsible for technical talent attraction, education, retention and technology oversight of 8 focus areas.

Please come join him March 11th starting at 5:30 pm in the Geological Hall. Food will be included!
He will talk about the exciting opportunities in Kansas City!

Dr. Timpson has authored/coauthored more than 22 peer reviewed journal articles, conference proceedings, or technical magazine column articles. He has 9 patents granted or pending. He is a member of Institute of Electrical and Electronic Engineers, Eta Kappa Nu, Kappa Nu Epsilon, and NCSLI. He has always had a love for education marked by his extensive tutoring, peer instructing, and undergraduate research at Missouri University of Science and Technology. He was the Young Professional Representative for IEEE I&M ADCOM.

Dr. Timpson earned a BS in Electrical Engineering with Honors and minors in Math, Physics, and Biology from the University of Missouri – Rolla. He earned a MS in Electrical and Computer Engineering from the University of Missouri – Kansas City, and Ph.D. in Electrical and Computer Engineering from University of Missouri – Columbia.
